Educating for Time and Eternity

16 April 2020

Dear Parents and Caregivers,

Welcome to Term 2 at Westminster Christian School! Yesterday we successfully started our distance learning in the home environment. As I mentioned in my previous communication with you at the end of last week, these are unprecedented times. Our teachers and staff are dedicated to providing your children with a first class education, which is in alignment with our school vision of Educating for Time and Eternity.

We are in uncharted waters so to speak and at the helm of our boat is our Lord Jesus Christ. Romans 12:11 tells us never to give up, and to keep following the Holy Spirit and serve the Lord. I can assure you all the staff at Westminster Christian School are giving their all to navigate this new era in education.

I have included a guideline for communicating online, specifically tailored for our students. Please share this with your children, as they too learn the necessary protocol of how we communicate on an online platform.

Earlier this week Mrs Breytenbach communicated with you how to set up a secure filtering system, to ensure students are further protected while working online. Should you experience difficulty setting this up, please do not hesitate to either contact Mrs Breytenbach or myself for assistance via email.

I will be in regular contact with you over the next few days, and in particular as we receive more guidance from the Prime Minister and Minister of Education in regards to reopening our school.

In the meantime please feel free to reach out to me either just to make a connection or to offer feedback, or if you and your family would like to receive additional support from me.

God bless, stay safe and take care.

Kind regards

Sandra Jacobs

Principal
